

Do you wish to speak in support of your submission at the hearing?: No

I am able to attend:

I intend to attend:

Would you like to be added to our database to be notified of future consultations?: Yes

Your Details

Full Name: Margaret Eder

Do you agree with our preferred option or do you support another option?

Drinking water meters: Spread over 3 years - Our preferred option

Let us know why: Just a bit easier on the rates, but if the majority are for 1 year, I would be OK with that, especially if saving water with finding leaks.

Elderly Persons Housing: Self-sustaining in 2 years - our preferred option

Let us know why: I feel the housing is needed and should have been always been self sustaining

What do you think about our plans for our other projects and activities?: I feel the bridge should not be going through a residential area, with so many school children. I understand the trucks use Chalmers Avenue at the moment and I can understand this, as how else do you get to where they are going. As there is plenty of green space on the main road now, I feel that would be the wisest choice. We are looking to the future and we need another bridge, so if there is to be four lanes, it would become a busier highway and we could have this and no green space.
