Do you agree with our preferred option or do you support another option?

Drinking water meters: Spread over 3 years - Our preferred option

Let us know why: Although I have a feeling this is just revenue gathering it will have the benefit of forcing residents to conserve water.

Elderly Persons Housing: Status quo - inflationary rent increases + general rate

Let us know why: Leave it as it is. The people in these houses will NOT be able to pay increased rents. These houses were originally intended for retirees who had limited options for affordable housing, if the rent is increased they won't be able to afford it. Are you SERIOUSLY going to just evict those who cannot afford the prices? You guys have made some unfortunate decisions in the past (the museum for one 😞) raising the rent of people who are already vulnerable is abhorrent and frankly I'm disgusted that it is even a consideration.

What do you think about our plans for our other projects and activities?: The inner town upgrade is looking lovely.
