## DO YOU AGREE WITH OUR PREFERRED OPTION OR DO YOU SUPPORT ANOTHER OPTION?

**1**  **Drinking water meters:**  Spread over 3 years - our preferred option  All in 1 year  Don't install meters

Let us know why:

1. If you know up to 50% of water is wasted due to leaks (how I am unsure - but that is what the document states) fix where the leaks are. Installing water meters won't fix the leak - you spend X installing meters and have to fix the leak anyway. This is expensive.

2. This to my way of thinking is an excuse to get the meters installed - Thus all ready for future water charges which you all ready have planned for the future. you are taking a soft approach by saying you don't plan to charge in this 10 year draft. This is not up for it and best.

**2** Elderly Persons Housing:

Self-sustaining in 2 years – our preferred option

Self-sustaining in 7 years

Status quo – inflationary rent increases + general rate

Let us know why:

Elderly persons housing should be similar to other towns and over 2 years want to see them out of pocket suddenly.

I would like to know though why the housing has been so cheap for so long? Why has that not been assessed before? Now, I guess with a possible rent freeze the district councils better be like other councils lol

**3** What do you think about our plans for our other projects and activities? Any other comments?

Ashburton CBD Carpark ← are you serious? We are hardy in need of this with the CBD quickly dying - shops closing etc.

New Civic Centre - absolute waste of rate payers money. New Library - beautiful building which could be

just renovated and re-started.

166 - shop local - how about ADC give all work to Ashburton businesses??

I think Ashburton could do with more of the spray paint art by Wongi Wilson - make the town arty and interesting. Support shop owners in Ashburton in the CBP.

What an earth is an excellent welcoming community. How about looking after the people you already have here.

Would you like to be added to our database to provide feedback on future consultations?
