

Do you wish to speak in support of your submission at the hearing?: No

I am able to attend:

I intend to attend:

Would you like to be added to our database to be notified of future consultations?: No

**Your Details**

Full Name: Brent Austin

Organisation: AUSTIN Farming Ltd

**Do you agree with our preferred option or do you support another option?**

Drinking water meters: Spread over 3 years - Our preferred option

Let us know why: Spread the work load so it's done correctly.

Elderly Persons Housing: Self-sustaining in 2 years - our preferred option

Let us know why:

What do you think about our plans for our other projects and activities?: Rooding. I think a second bridge needs to be planned with how it will work with a four laned highway from Christchurch to Timaru and probably should include an Ashburton bypass. I also think that highway should be a complete new road rather than just widen the current SH1. Local roads need upgrading and maintaining. You want me to seal a new gateway that is used a few times a week but you haven't made Tarbottom Land and Civil put in truck turning lanes to their yard that would have dozens of trucks a day using that entrance - the current edge of the road is riddled with massive holes. I also think people should be held accountable for the damage they do to our roads. I.e. irrigator end guns, trucks not slowing down for pothole repairs and blowing them out the day after they have been sealed. To Mayor Brown; Keep pushing back at regional council and central government over the freshwater reforms. We already have plans in place so let us all make improvements to meet it rather this blanket approach.
