

**Submission to Ashburton District Council
on Long Term Plan re: location of second
Ashburton Bridge**

**I wish to submit to the ADC LTP on the location of the second bridge
I do not wish to speak in person to my submission**

I oppose the Chalmers Avenue proposal.

My reasons why is that it will cut the town in half

With the number of schools and preschools along chalmers ave it will make it very dangerous for children and their families.

Weve lived on beach road for 30 years and we live here because it is a nice portion of town

Us and many others don't want to see the increase in heavy trucks along chalmers ave

I support the new bridge going on west stret between the rail and exsiting bridge utilizing the green corridor that is along side state highway 1
