

Your Details	
First Name:	Jeff
Last Name:	Hurst
1	
Do you think we should decrease our day-to-day levels of service to reduce the average rate increase? :	No
Why / Why not?:	I want to see roads fixed properly instead of poor patch up jobs every few months. Do more to clear the Ashburton river so the town isn't flooded next time we have a major rainfall event.
If so, what should we do less of?:	
2	
Do you agree with using \$1.7 million from our forestry reserve to pay for major roading repairs?:	Yes
Why / why not?:	If the roads will need less repairing that must save future costs.
3	
General comments:	Can council invest in other ways to generate income like they have done with the forestry reserves to continue to build other income streams. eg put 0.1% of rates aside into income generating business that will grow with time and provide another source of income. A little pain now will pay bigger dividends in the future.
