Drinking water meters: Don't install meters

Let us know why: This does not affect me. However a bit of a joke trying to find leaks when you a huge demand on your aquifers, and having to make your bores deeper as a result of intensifying dairy. In addition when you were prepared and happy to essentially give it away to a foreign water bottler!!!

Elderly Persons Housing: Status quo - inflationary rent increases + general rate

Let us know why: This Does Not Affect Me

What do you think about our plans for our other projects and activities?: I own a property at Lake Clearwater, therefore these topics do not affect me. However why should I have to subsidize through my rates something that will never benefit me, similarly for others who own property there and do not live in the region. I support the above initiatives, however I should not have to pay for things I do not use, with not intention to use. Would ADC provide rates dispensation/pro-rata/ user pays tye set up for other people in my situation?
