Do you think we should decrease our day-to-day levels of service to reduce the average rate increase? :	No
Why / Why not?:	Continue to maintain current levels of service .
If so, what should we do less of?:	
<b>2</b>	
Do you agree with using \$1.7 million from our forestry reserve to pay for major roading repairs?:	Yes
Why / why not?:	If you use these reserves then you need to look at the township areas first , continue to remove the horrible deep street gutter drains that are a H&S risk to elder people , footpaths also need to be sprayed to remove the moss & lichen as when it gets wet in the winter it becomes very slippery, then use the balance to do road repairs.
