

Submission to Ashburton District Council

On Long Term Plan re:

Location of the second Ashburton Bridge.

I am not happy with the Chalmers Ave as the sight for the new bridge. There are so many of the schools, early learning centres in the area where the roading will be going through. The Councillor's need to listen to the people of the district and what they are thinking.

The West street sight is the best sight for this new bridge being a continuation of the highway and south of the bridge is all ready to go.

NZTA will pay for the bridge and the roading . It is the sight that will be straight forward and keep Ashburton in the public eye.
