What do you think about our plans for our other projects and activities?: I believe the second bridge across the Ashburton river will be best located beside the existing bridge . The bridge should be financed by LTNZA . I do not believe the council argument that out of town traffic would not use Chalmers Ave as a by pass route. A major change has to be looked at for State highway through traffic , Underpasses on , off access lanes A bridge placed at Chalmers Ave does not suit a long term growth plan for Ashburton .
