Would you like to be added to our database to be notified of future consultations?: Yes

Your Details

Full Name: Anne Gibbs

Do you agree with our preferred option or do you support another option?

Drinking water meters: Don't install meters

Let us know why: The reason from the council of losing up to 50% of drinking water to leaks is just a ploy to charge for water usage in the near future. I have been reading all comments that have already been submitted to the council and find myself agreeing very strongly with them ie: Murray Hawkes, Roger Bruce, Christina Cox, Ed Eason, Graham Kelly, Identify your water loss by other means and address those losses. In Australia they are now starting to use dogs to identify water leaks underground because the water meters are not identifying the leaks, it would also be a lot cheaper to use dogs instead of installing all of these water meters.

Elderly Persons Housing: Self-sustaining in 2 years - our preferred option

Let us know why:

What do you think about our plans for our other projects and activities?:
