| Do you think we should decrease our day-to-day levels of service to reduce the average rate increase? : | No  |
| Why / Why not?:   | It's important that community and rubbish services are maintained as it's already hard enough for folk to remain connected.   |
| If so, what should we do less of?:  |   |
| <b>2</b>  |   |
| Do you agree with using \$1.7 million from our forestry reserve to pay for major roading repairs?:      | Yes   |
| Why / why not?:   | ONLY if it's contributed to the new road bridge to keep us connected to the rest of the country. Don't spend it unnecessarily on projects that are not actually wanted by the community |
