Your Details

Full Name: Thomas Currie (2)

Do you agree with our preferred option or do you support another option?

Drinking water meters: Don't install meters

Let us know why: There has been discussion that with water meters installed the water rights will be sold therefore adding even more cost to rate payers

Elderly Persons Housing: Self-sustaining in 2 years - our preferred option

Let us know why: We should already take care of our elderly should not have to be discussed

What do you think about our plans for our other projects and activities?: I believe there is enough in the plans to warrant a major increase in rates as new Zealands cost of living is already higher than inflation
