What do you think about our plans for our other projects and activities?: Strongly in support of funding for Safe Communities, CAB and Safer Mid-Canterbury continuing. These projects/organisations are major contributors to the health and wellbeing of our community, and successfully harness heaps of volunteer labour, which augments the dollars Council contributes. As always, the individuals and groups at the centre who coordinate activities add huge value to our district, and must be supported. Also strongly support the funding for Art Gallery and Museum being continued annually. Again, these are community assets, well run and supported by the community, and with strong recognition and "attraction for tourists" value that enhances our cultural recognition.
